### **Tutorial Program**

The Academic Support Unit of the Black Cultural Center provides free tutoring services open to all students. We provide students with the option of individual or small group tutoring to fit your needs. We hire quality tutors with the ability to utilize their knowledge in a subject area of expertise to successfully communicate with students, and work towards creating self-motivated independent students.

Our office offers tutoring services in the following subjects: Algebra, Biology, Pre-Calculus, Calculus 1-3, General Chemistry, Economics, English, Spanish, Physics, Statistics, Japanese, French, Portuguese, and Psychology. All the tutoring sessions are conducted on a one-on-one basis, which provides an enhanced and more effective learning environment than group tutoring. The peer tutors traditionally are sophomores, juniors, and seniors who have an average GPA of 3.5.

As our program is dedicated to excellence, we are currently looking for tutors and tutees to help us contribute to the academic excellence of the University of Tennessee. Tutors are paid up to 9.00/hr and create their own schedule.
