Graduate Restart Program

When to Use this Form

The Graduate Restart Program is intended to assist former University of Tennessee graduate students whose cumulative UT graduate grade point average (GPA) is below a 2.00 to re-enroll in a degree program or graduate certificate program without having to overcome the burden of previous unsatisfactory academic performance. To be eligible for the program, a period of at least 3 years (36 months) must have elapsed since the former student's last enrollment. Students can apply to their previous graduate program, or a different graduate program under the Graduate Restart Program. This form is required as part of the application process for the Graduate Restart program.
